Historic usfs map/brochures link?

some time ago, I thought I had seen a link posted here to several historic maps, including "recreation" maps in the Detroit Ranger District, etc. - I thought I had it in my bookmarks/favorites, but apparently I've deleted it. If my memory serves me, it may have been a link to the USGS or State of Oregon; maybe not, but if anyone remembers this, could you post a link? There were several neat old maps and brochures/publications of the cascades, etc.

Thanks

Kevin

It wasn't these links but it was a link to another site. I wish I could remember more about it, I've searched the discussion forums but no luck. Maybe I'm mixed up, but I'm pretty sure it was something posted here. They were scanned copies, including "recreation" or "sportsman's" maps, like Detroit Ranger District, North Santiam area, etc.

Thanks again

I found the link, it was actually from an old post about historic panorama photos - I was able to search from that site and find the info. Unfortunately, the site isn't working properly, so maybe it is temporarily out of service....
