

DRY RIDGE TRAIL COMPLEX
Ranchester 12-18-75

 TRAILS CORRECTLY MAPPED

 ROUTES SURVEYED AND STAKED

 OTHER POTENTIAL ROUTES

 TRAILS NOT CORRECTLY MAPPED

A-B-C IS ADEQUATE ROUTE AND SHOULD BE
RETAINED AS IS.

C-I SHOULD BE EXPLORED. IT OFFERS
A LOW ELEVATION ROUTE TO CONNECT
WITH I-J-K-L

D-F SHOULD BE ABANDONED

F-G IS ADEQUATE.

G-H SHOULD BE BUILT AS STAKED, WITH
HELISPOT TO BE BUILT ON THE
RIDGEPOINT NEAR "H"

H-D IS FEASIBLE, AND TIED TO D-C,
WOULD REPLACE D-F.

H-M-C IS AN ALTERNATE PROPOSAL, BUT
HAS NOT BEEN EXPLORED. IT HAS
SOME ADVANTAGES TO H-D-C.
IT WOULD KEEP TRAIL ON COOLER
ASPECT. IT WOULD ^{REPLACE} A RELATIVELY
STEEP ROUTE C-D. IT WOULD
CROSS A GOOD STREAM NEAR "M"
WHERE CAMPSITE COULD BE
DEVELOPED. IT WOULD TAKE CARE
OF A SEGMENT IN CONSTRUCTION
OF C-M-I

C-D SHOULD BE KEPT AS A PRIMITIVE
HIKER ROUTE TO THE GOOD VIEW POINT
AT "D".

D-E-B SHOULD BE EXPLORED AS A POSSIBLE

G-I-J

NEEDS MAP LOCATION VERIFIED
AND NEEDS A CONDITION SURVEY.
IF RELOCATION IS NECESSARY, IT
SHOULD BE LOCATED WITH GRADES
UP TO 20%, BUT AVERAGING 15%

J-K

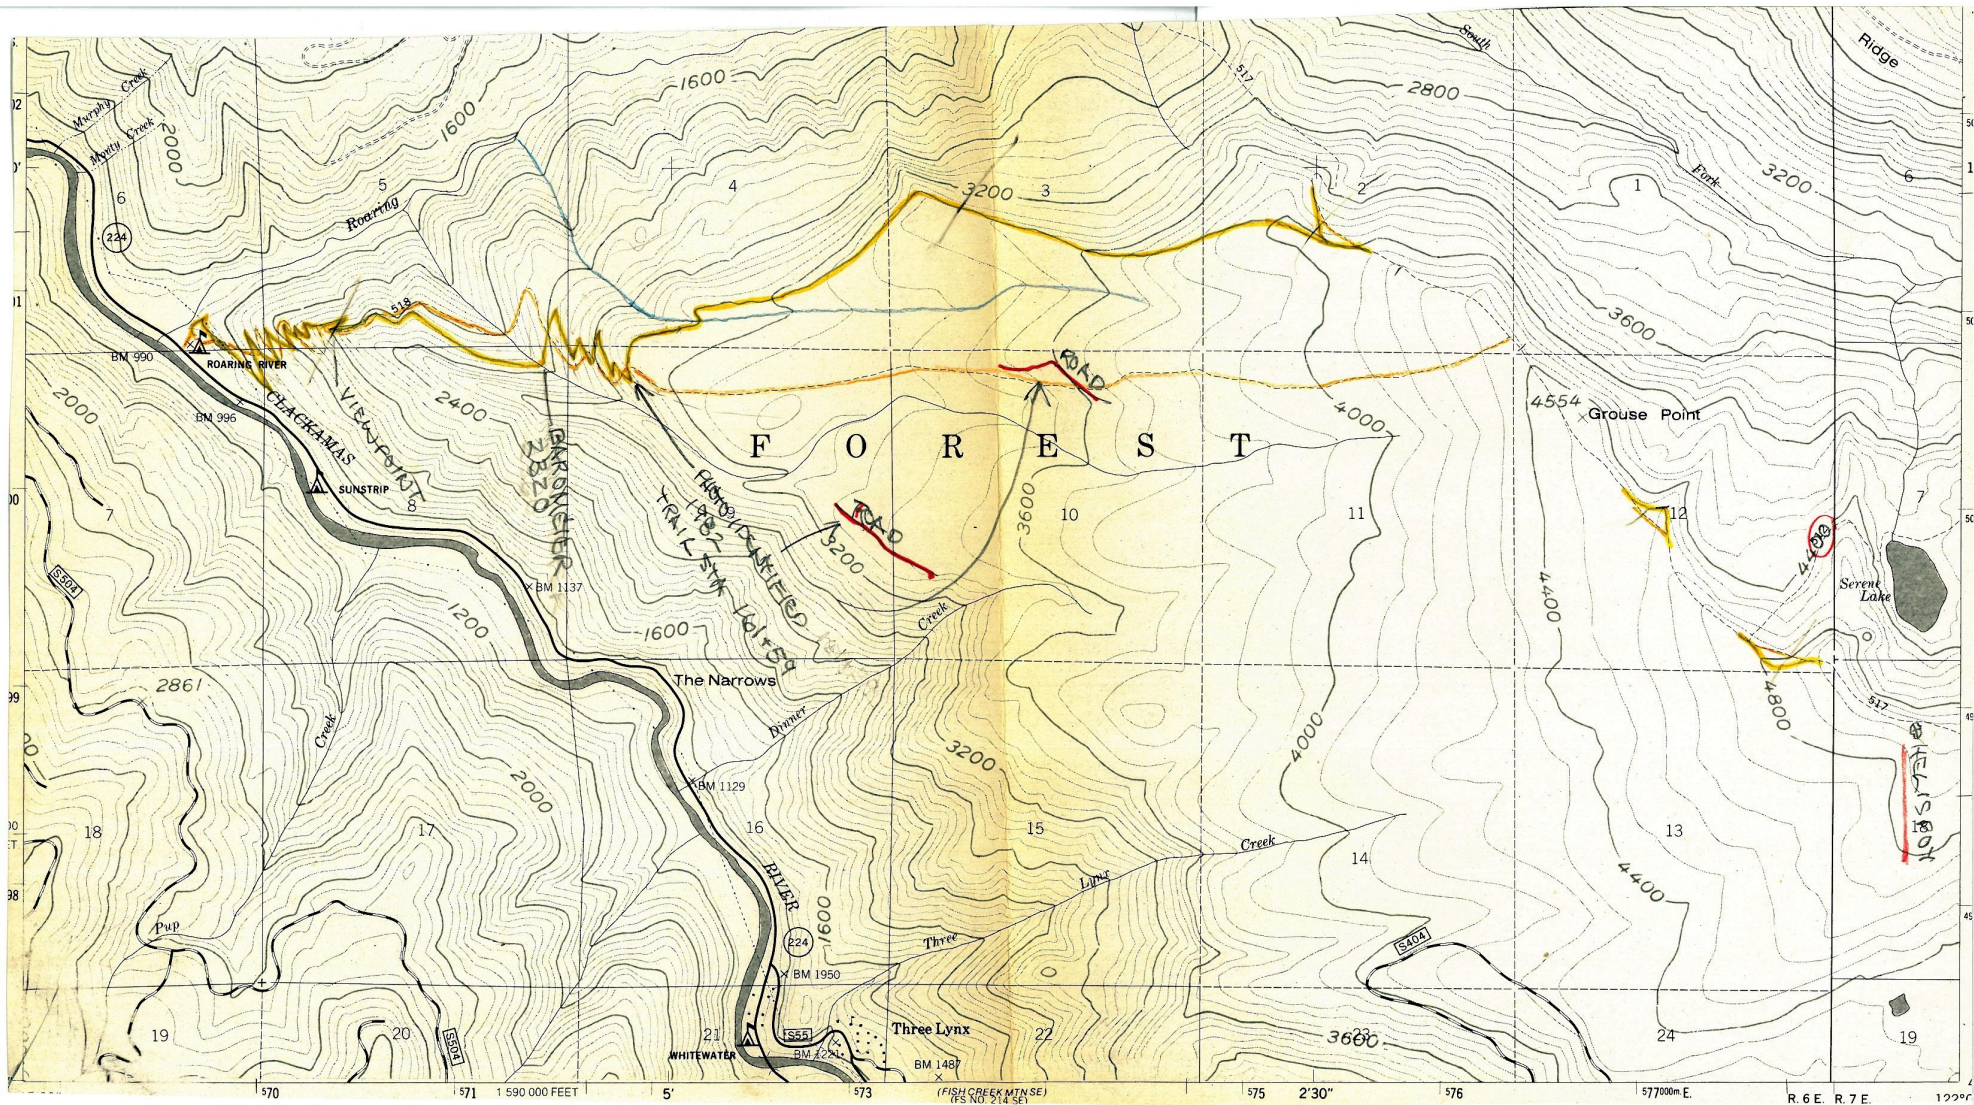

NEEDS TO BE EXPLORED. IT
WILL PASS THRU SEVERAL OLD
CLEAR-CUTS BUT SHOULD OFFER
GOOD VIEWS. IT WOULD COMPLETE
A LOW-ELEVATION ROUTE.

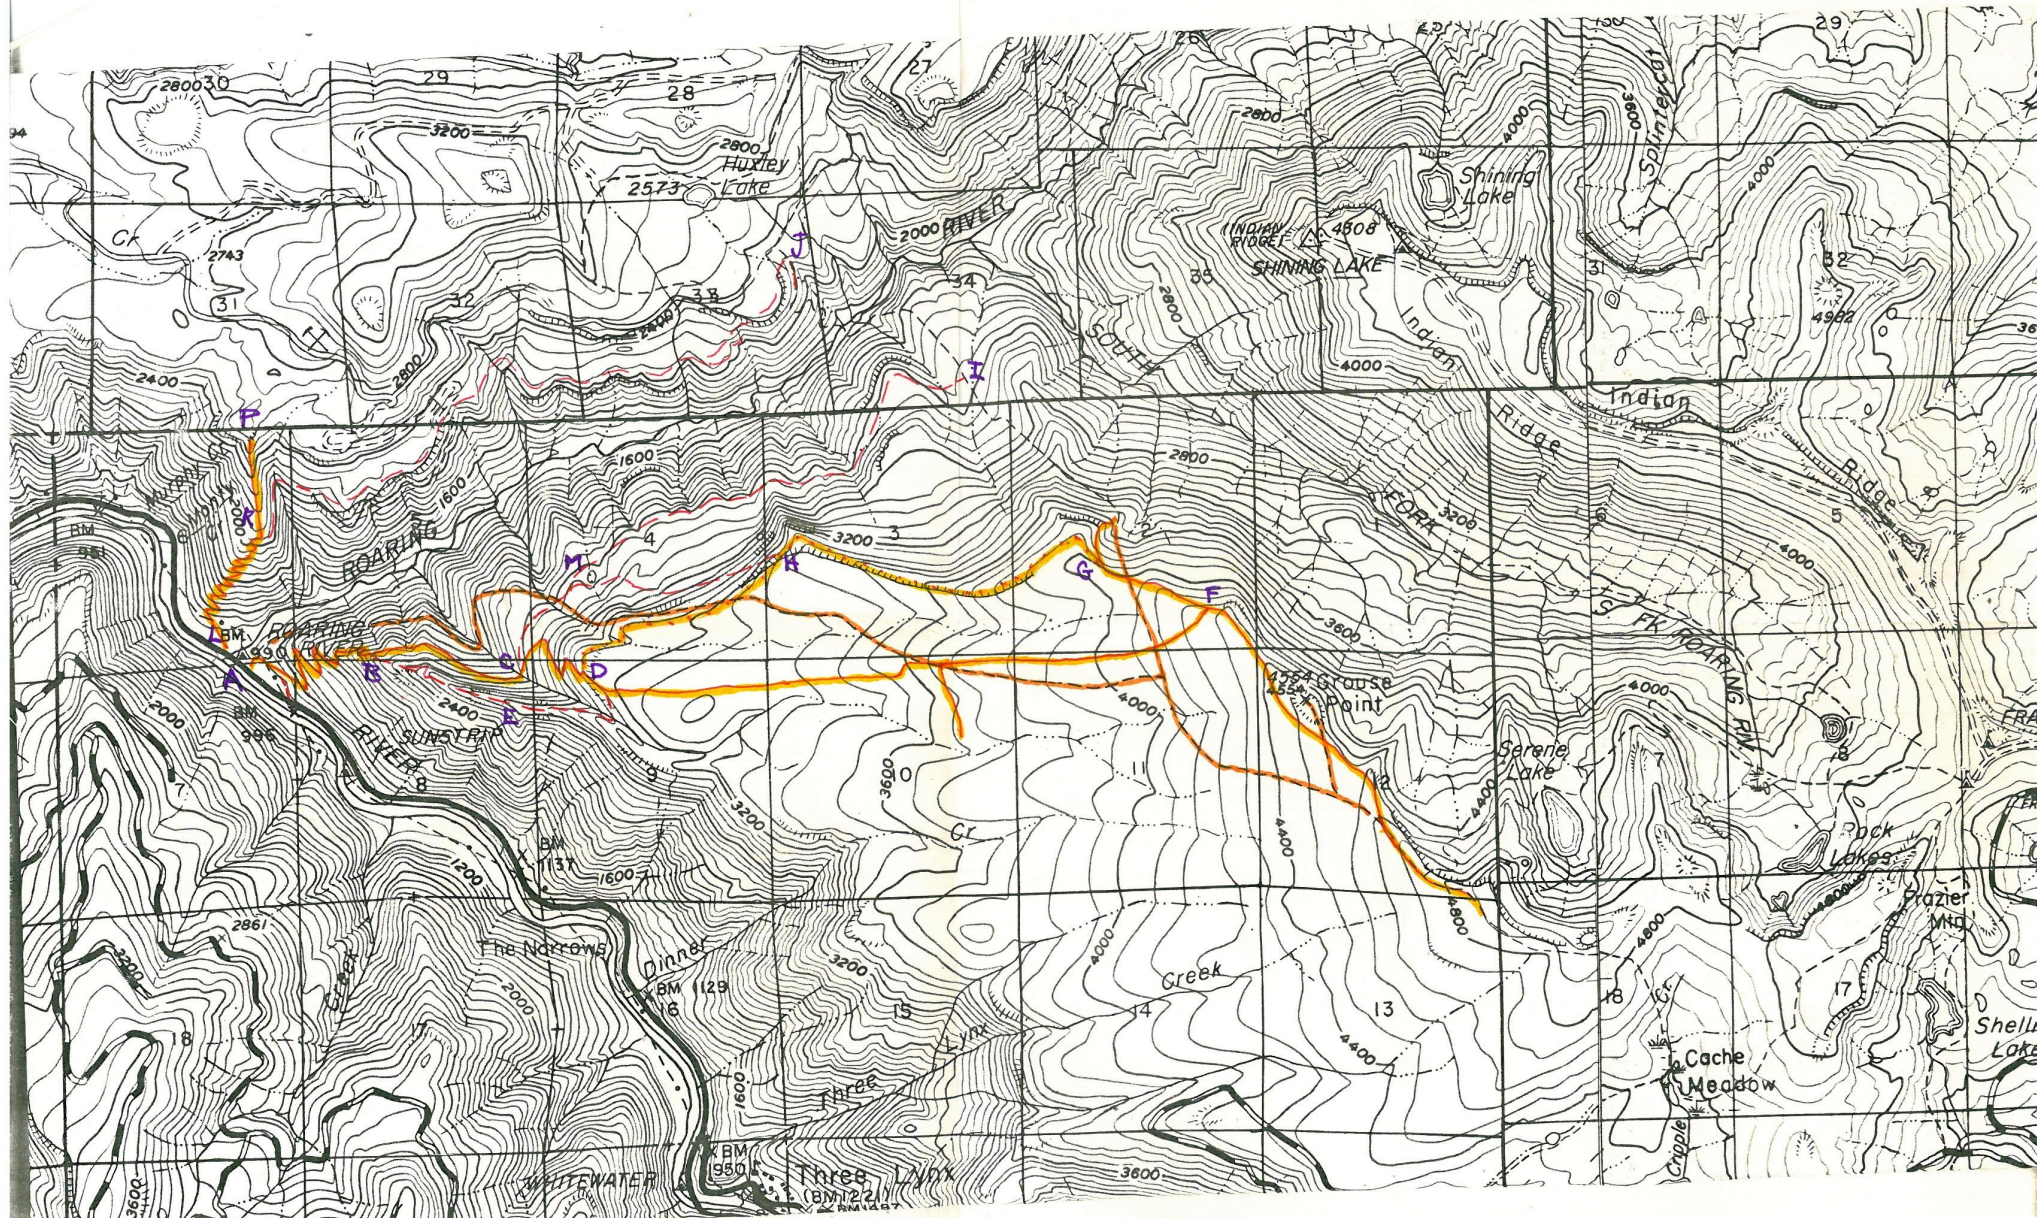

K-P

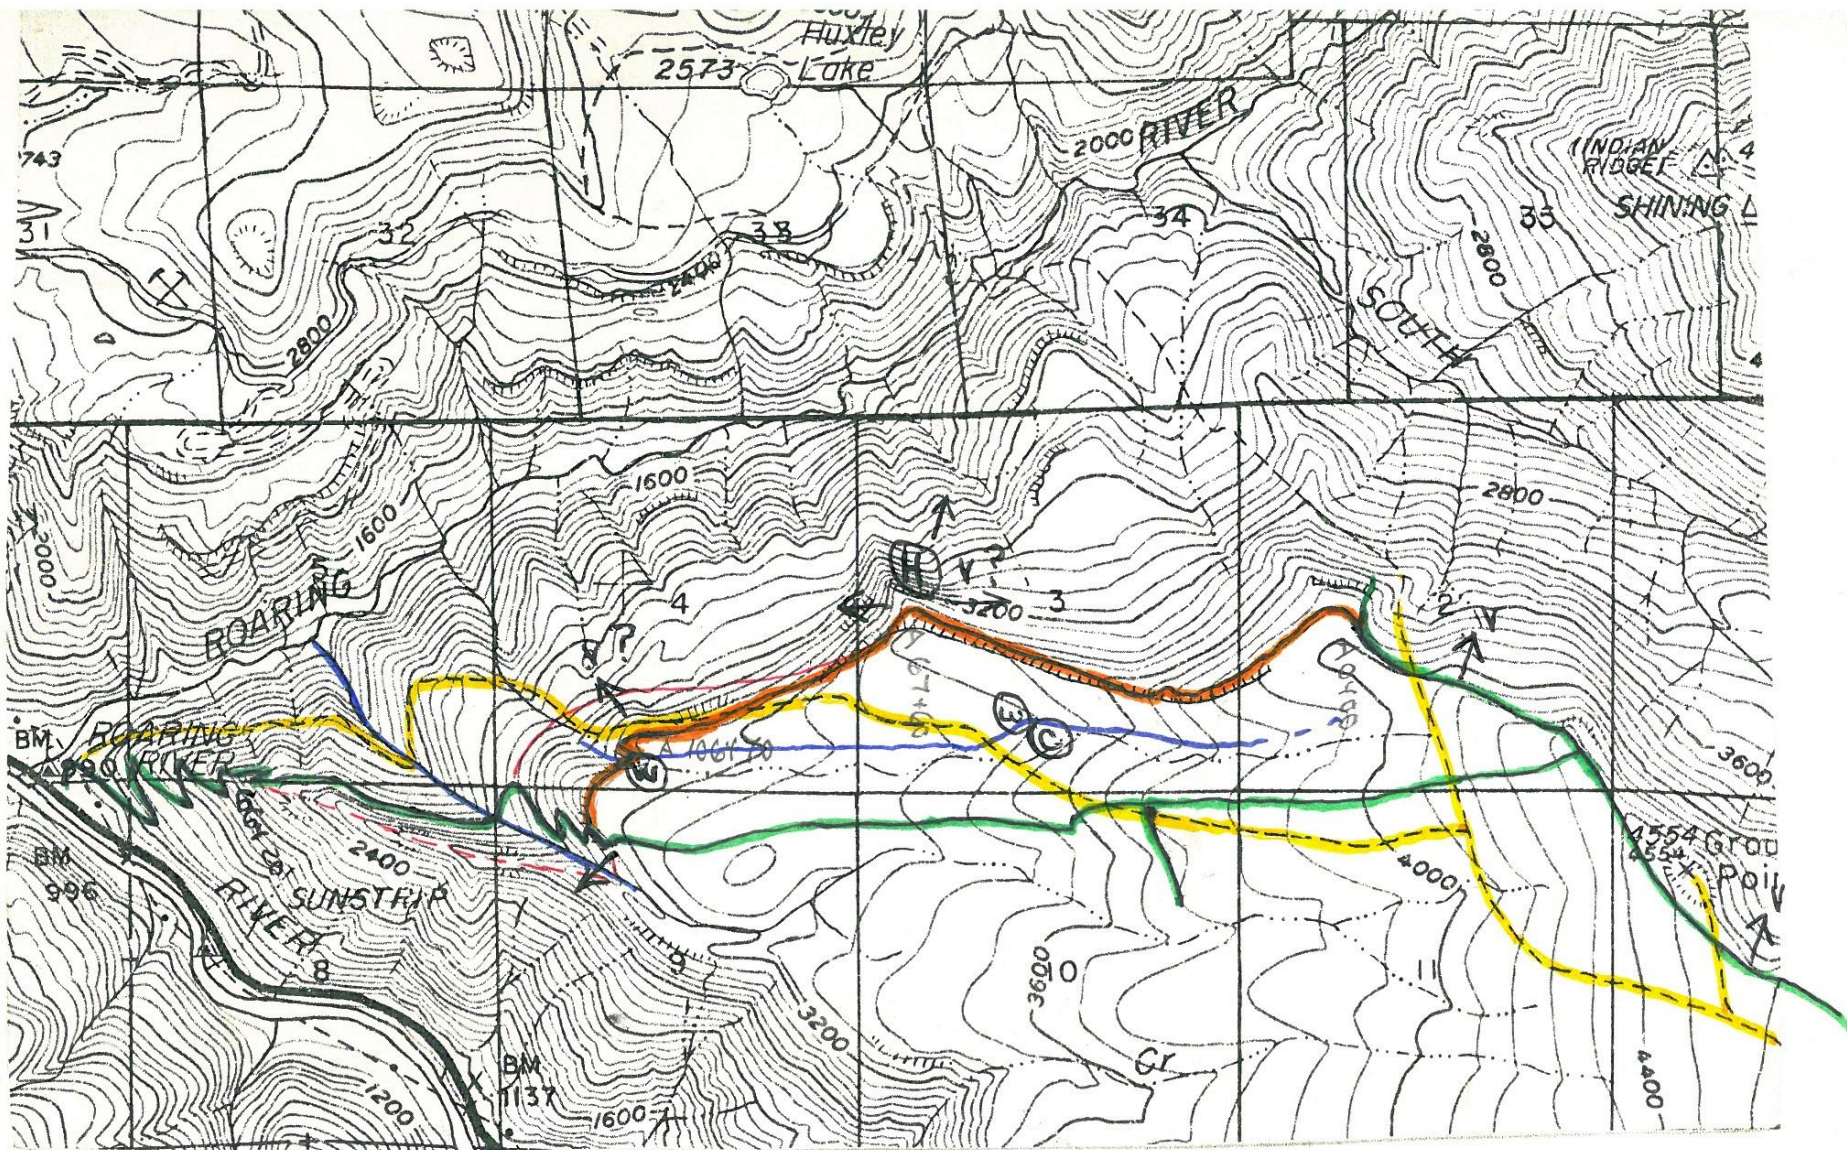

UGHT TO BE ABANDONED.

K-L

IS AN OLD UN-MAINTAINED
TRAIL. IT IS VERY STEEP BUT
FAIRLY WELL-BUILT. IT IS SO
ILL-DEFINED THAT A DIFFERENT
ROUTE WITH LESSER GRADES MIGHT
BE DESIRABLE

- INCORRECTLY MAPPED
- CORRECT TRAIL LOCATION
- SURVEYED TRAIL
- AN ALTERNATE POSSIBILITY
YET ANOTHER
- GOOD STREAM

(W) GOOD STREAM AS OF 9-10-75

V? BUILD VIEWPOINT

(H) " HEADSPOT

(C) SNE LAYOUT CAMP 9-10-75

Q/Roady 9-15-75
